Project Info

Landscape Teams – on your own time meet as a group to develop a theme for a design area 20' wide at the ponds edge up to the top of the berm/path road. Choose whichever unlandscaped area (2015 class did area close to spillway – 2016 class did area directly across from the lake 2017 class did next to 2016 class). You have a $400 budget to plant this buffer garden design (no trees).
You will make the team presentations on **February 20th** – what your uniting theme is, what plants you chose for the area and any other items in your design - Presentation should take 15-20 minutes as a group.
After both teams present you will meet as a group and create a final design using the best elements from both plans and turn that in to Mike Andruczyk by **February 23rd**.
John Birckbichler is the Master Gardener Mentor for this project.

Chesapeake Arboretum workshops – on your own time come up with a 15 minute demonstration program on the assigned topic

- For pruning show how to prune the assigned plant, when, why, etc. (Vickie Greene is the Mentor for this)
- For air layering show how to put on an air layer – materials and tools etc. (Mike Andruczyk is the mentor for this)
- For Invasive plants show what your plant is, how to identify it, why it is a problem and how to control/eradicate it (Linda Bradley is the mentor for this)

Arboretum Nursery/Fenced Area – on March 16 and March 19 from 9am to noon come to the Arboretum Nursery to clean up, repot, stake plants. 575 Oak Grove Road (not main arboretum parking lot – be careful not to pull into muddy grass and get your car stuck) **Kathy King** is coordinating.

Arbor Day Plantings – on March 23 or 24th show up at location (to be determined) with gloves, work boots and shovel to work in teams to demonstrate how to plant 1-4 small trees (3 gallon pots) for the Indian River Area neighborhood - **Mike Andruczyk** is coordinating.

Trailer Landscape - on March 29th from 9-11am show up with work clothes etc to assist with cleanup of Teaching garden on the corner of Shea and Holt Drives. Then again for 2 hours per the schedule to do needed maintenance.
John Birckbichler is coordinating.

Garden Startin Programs – choose a workshop to assist the instructor
http://www.signupgenius.com/go/4090e4baea62ba13-garden

Plant a Row – assist PAR team in collecting donations at the Extension Trailier on the corner of Holt and Shea Drives from 10am to Noon on the day assigned. **Haley Harness** is coordinating.

Ready Set Grow – assist the Master Gardener at the school you are assigned. Give them a call to let them know what your schedule is like so they can coordinate with the school.

Plant Sale – sign up for two time slots then click submit at the bottom of the page on the dates of April 27 & 28th. You can add other dates or slots if you want to do more hours. Call **Kathy King** if you have any questions.
http://www.signupgenius.com/go/4090e4baea62ba13-20141

Help Desk – sign up for a time slot at 310 Shea Drive with a "Perennial" Master gardener already signed up http://www.signupgenius.com/go/8050c4faaaa2ca64-help2 Two interns can come per day but the 2nd person will need to call Linda Baskerville to add them to the list. See **Linda Baskerville**

Off-site Help Desk – coordinate with your "Perennial" Master Gardener working on the day with you to pick up small table and information bag from the office**. Linda Baskerville** will have a signup genius and/or coordinate this as well.

Website/Facebook article or video – create a short article per the instructions provided in your book packet. The subject can be anything you like or one of the other homework assignments written up or video recorded. See Sandy West, Jessica Bolen or email Lanette Lepper. These are due March 20th, 2018.

We know your schedules change but also know that other people are relying on you so if you need to change your schedule (switch with another intern) and/or if something unexpected comes up please call the coordinating Master Gardener to let them know.

Thanks

Intern Project Assignments 2018

You must find a substitute (switch dates with a fellow intern) and contact the coordinator for each program you are scheduled below if you have a conflict.

Landscape Design Project Teams:

Team A - Sandra Achterman Amy Arnoux Brianna Farias Marion Herndon

Team B - Donald Izbicki Keith Lansley Meredith Martin Dale Shelley

Team C Carol Wade Linda Weal Shirley Whitehurst

Chesapeake Arboretum Workshops (9-noon) — 3 hours

Pruning	Hydrangeas	Sandra Achterman
March 2 (3)	Roses	Donald Izbicki
Vickie Greene	Camellias	Shirley Whitehurst
	Renewal/Rejuvenation	
	Peaches	
	Nursery Stock	Linda Weal
	Small Trees	

(#) is rain date

Air Layering – March 9(10)	Keith Lansley
